Welcome to our New Look

Inter City Urgent are proud to unveil our revitalized logo. You will see our new branding in action as we introduce it to the market on vehicles, uniform and stationery over the next few weeks.

With a focus on what we do best – High Performance Express Deliveries around the greater Auckland region – our new logo also emphasises our expertise in delivering to your expectations around New Zealand.

Our new logo will take us towards Inter City Urgent's 10th Anniversary early in 2006. Watch this space for announcements of special promotions to celebrate this important milestone in our company's history.
